What can you expect?

Workshops

Our workshops have been specifically designed for the 24-hour festival and are intended to be fun and interactive.

Workshops are an ideal way of introducing new people to the festival and are a great way of building a community.

Synchronous Activities

Interactive Workshops
Interactive workshops are a great way of introducing new people to the festival and are a great way of building a community.

Panel Discussions
Panel discussions are a great way of introducing new people to the festival and are a great way of building a community.

Live Q&A
Live Q&A sessions are a great way of introducing new people to the festival and are a great way of building a community.

Breaktime Activities

Break times are opportunities for people to relax and recharge. They are a great way of introducing new people to the festival and are a great way of building a community.

Take the opportunity to meet other people and to share your experiences. This is a great way of building a community and of introducing new people to the festival.
